

Streetside is a vocal group that primarily performs doo-wop music from the 50's & 60's, and has expanded its repertoire over the years to include Country, Gospel and more modern pop songs. Originally an acapella quintet in high school, the current four members (together since 1988) perform a 50/50 mix of both acapella and keyboard-accompanied songs. **Streetside** performs over 50 shows a year, including private conventions, public concerts, county and state fairs and local festivals throughout Kansas, Nebraska, Iowa, Missouri and Colorado. **Streetside** has produced six albums.

"One of the most popular groups that regularly appears on the Plaza in the summer, as part of the Plaza Live music series."
